The Ozaukee County Dementia Capable Workgroup has made great strides in raising awareness, program enhancement/development and outreach to those affected by cognitive changes in the past year. We also are excited about upcoming community events and opportunities that we would like to share, invite you to participate in and become involved with in 2015.

This meeting is open to the general public and we invite anyone who is interested to attend.

Please contact Kathy Glaser at (262) 284-8120 with any questions.
